PRIME MEATS

AT PIER 51

First: Black Angus beef from Argentina. By keeping the cattle on the pasture throughout

the year, the Argentine Angus beef has a very low-fat content and is extremely delicate.

Second: US Beef. Quite expensive but it's really worth it as Longhorn and Hereford cows are known for their superior quality. This beautifully marbled and slightly sweet meat is especially tasty, and it is offered in top restaurants around the world. Third: Local Dry Aged Beef. We could find high-quality beef even in our "neighborhood". It is dry aged to our own specifications to achieve the best possible flavor. Throughout this process, the meat is losing a lot of water which explains the significantly higher price. Last but not least: The Australian Tomahawk steak is a true „Down Under Classic“. The tomahawk-like shape is responsible for the name, and due to its size, a well-prepared piece is hardly surpassed in juiciness. Depending on your appetite a Tomahawk Steak should be enough for up to three meat lovers and it will be cut at your table.
